CAREER OBJECTIVE

Contribute my End to End Software Development (SLD) skills to Innovative and Agile teams.

PROFESSIONAL EXPERIENCE

Gateway Group - Senior Lead - Software Development (June `23 to Aug`23)

➢ Architected serverless solutions for Swedish sports betting client Svensk Travsport.
➢ Created product using Next JS and AWS Lambda, API Gateway, Eventbridge, Step Functions,
➢ CloudFront, S3, CloudFormation, Cognito, AppSync, DynamoDB, ElasticSearch, ElastiCache.

IBM Cloud - Senior Software Developer (Aug `21 to June `23)

➢ Lead a team of 5 to build 28 console service pages in IBM Cloud (similar to AWS Console).
➢ Delivered frontend and backend for 28 core IBM Cloud services (Network, VPN, Storage etc).
➢ Stack - React-Redux, Jest, Typescript, MicroFrontend, NodeJS, Express, MongoDB & GraphQL.

Torre Capital - Full Stack Developer (Jan `21 to July `21)

➢ Single handedly developed torre.capital, an investment and trading platform for private equity.
➢ Owned entire Tech development from Frontend to Deployment with NextJS and AWS Serverless.
➢ Stack - NextJS, Typescript, React Native, AWS Lambda, DynamoDB, API Gateway, EventBridge.

Target Corp - Full Stack Developer (May `20 to Dec `20)

➢ Built main public website for Target in a 2 member Dev team india.target.com.
➢ Built custom Drag n Drop based CMS tool for marketing team to automate changes to website.
➢ Stack - React-Redux, Jest, Typescript, NodeJS, Express, MongoDB, ElasticSearch, Redis, Docker.

McKinsey and Company - **Full Stack Developer** (Nov `19 to April `20)

➤ Worked with CitiBank to build a Credit Checker app based on Big Data models.
➤ Worked in small Agile team building both frontend and backend for mobile first credit checker app.
➤ Stack - React-Redux, Jest, Typescript, Node, Express, MongoDB, Docker, ECS, EKS.

PwC - **Full Stack Developer** (Jan `19 to Aug `19)

➤ Built multiple tools for inhouse Tax Auditors to replace existing MS Excel based workflow.
➤ Worked as a single contributor and build 5+ internal tools which vastly improved process efficiency.
➤ Stack - React-Redux, Jest, Typescript, Node, Express, MongoDB, EC2, ELB, S3.

GeekyAnts - **Software Engineer** (Oct `18 to Dec `18)

➤ Built an E2E Factory Management system for ABB China to track man power and inventory.
➤ Stack - React, Typescript, NodeJS, Express, MongoDB.

Bristlecone - **Associate Consultant** (July `14 to April `16)

➤ Worked on frontend of Supply Chain Management system for Manufacturing sector.
➤ Stack - HTML, CSS, Javascript, Git, Linux, Bash, CI-CD.

TECHNICAL SKILLS

Agile Product Development & Design

➤ **Certified SCRUM Master** with advanced knowledge of Agile, SCRUM and Jira.
➤ UX Research, Information Architecture, Wireframes and Design Thinking.
➤ High Fidelity prototyping with **Adobe XD / Figma** & **Adobe Creative Suite**.
➤ **Design Thinking**, **Agile mindset**, **TDD**, **CI/CD** and **Extreme Programming**.

Front End Development

➤ UI Development using **HTML5, CSS3, SCSS, Javascript & Typescript.**
➤ Frontend with **React**, **Redux Toolkit, Next JS, Apollo** & **GraphQL**.
➤ **Micro Frontends** and **SSR Fullstack applications** with **Agile, TDD and XP.**
➤ Android and iOS app development with **React Native**.
➤ Performance, SEO, Accessibility, Unit Testing, Mobile & **Amplify**, **S3 + CloudFront**.

Back End Development

➢ **AWS Certified** with expertise on all AWS **Core Services** and **Serverless** solutions.
➢ REST API and GraphQL using traditional **MERN Stack**.
➢ API Gateway, ECS, Lambda, Fargate, Step Functions, EventBridge, SQS, AppSync, Amplify.
➢ CloudFront, S3, EKS, CloudFormation, Cognito, AppSync, ElasticSearch, ElastiCache.
➢ Database with MongoDB, RDS, DynamoDB, Aurora, Redis & ElasticSearch.

EDUCATION

Course	Institution/University	Year of Completion	Performance
10th Grade	Sri Vani High School	2008	**94.72%**
12th Grade	Vidya Mandir Independent PU College	2010	**82.5 %**
Bachelor of Engineering	Ramaiah Institute of Technology **Honored Alumni**	2014	**7.1 CGPA & State Awards**

GOALS

➢ Working in **Senior Developer** and/or **Full-Stack Tech Lead** roles.
➢ Handling challenging responsibilities like **Architecture Design** and complete **Ownership**.
➢ Continuous **Learning** and Development.
